

## ADDITIONAL TERMS

- Subsequent terms, interest rates, charges, features and benefits applicable to your new credit card account may vary compared to your existing account. You must read the Key Facts Sheet for the credit card you are transferring to before submitting this Product Transfer Request. The Key Facts Sheet as well as other key information relevant to each HSBC credit card is available on our website at [www.hsbc.com.au/credit-cards/terms](http://www.hsbc.com.au/credit-cards/terms)
- At the time we process your Product Transfer Request, any outstanding balance on your retail purchases will be transferred from your previous account to your new account and will accrue interest at the standard variable purchase rate applicable to the new credit card.
- Any pre-existing promotional balance(s) and term(s), including interest free purchases, HSBC Instalment Plans and balance transfers, will carry over to your new account at the same discounted rate, if a discounted rate applies on your existing promotional balance(s).
- By utilising this Product Transfer Request form, you are ineligible for any introductory promotional offers offered to those customers who submit, and are approved for, a new credit card application. These introductory promotional offers include, but are not limited to, bonus point offers, introductory balance transfer offers and first year annual fee discounts or waivers.
- You must redeem all reward points on your existing account before submitting this Product Transfer Request. Any reward points remaining on your existing account when this request is processed will be forfeited if transferring to a different rewards program. The accrual of reward points on your new account will be subject to the Rewards Terms and Conditions applicable to the new credit card (if applicable), and are available on our website at [www.hsbc.com.au/credit-cards/terms](http://www.hsbc.com.au/credit-cards/terms)
- Any additional cardholder(s) on your existing credit card account will be transferred to your new credit card account once HSBC processes your Product Transfer Request. Any additional cardholder(s) will also receive a new credit card.
- HSBC will not approve your Product Transfer Request if the minimum credit limit on the new credit card is greater than the credit limit on your existing credit card. By utilising this Product Transfer Request form, your existing credit limit will not change and will apply to your new account. If your Product Transfer Request is to a credit card with a minimum credit limit higher than your existing credit limit you must first submit, and be approved for, a Credit Limit Increase Request form which is available at [www.hsbc.com.au/help/forms](http://www.hsbc.com.au/help/forms)
- Your account must not be in arrears in order for us to process your Product Transfer Request.
- We're unable to process your Product Transfer Request if the request relates to a transfer from a Visa credit card to a Mastercard credit card, or vice versa.
- If HSBC approves your Product Transfer Request, you will receive a new credit card and your credit card number will change if your Product Transfer Request is to a different product. Your existing credit card account will be closed 10 days after the date HSBC processes your Product Transfer Request, or upon activation of your new credit card, whichever is sooner.
- If you have any regular payments debited from your existing account, it is your responsibility to re-direct any automatic payments to your new account. If you currently utilise HSBC's EasyPay service, we will automatically transfer these regular payments to your new account.
